SUMMARY

Front-End Developer with **+1 year of freelance experience** specializing in **Angular**. Built **responsive web applications** using **REST APIs**, **authentication**, and **reusable UI components** for **e-commerce** and **management systems**. Currently learning **Node.js** and **React** to expand my **full-stack** skills.

EXPERIENCE

Front-End Developer, Freelance

03/2025 – 09/2025 | Freelance (EGYPT)

- Developed **15+ responsive web interfaces** from **Figma** designs using **HTML5**, **CSS3**, **JavaScript**, **Tailwind CSS**, and **Bootstrap**.
- Delivered **pixel-perfect**, cross-browser compatible, and mobile-responsive websites that met client requirements.
- Maintained **clean, reusable, and scalable code** while ensuring timely project delivery.

Queueing Theory App  , *Freelance*

03/2026 | Freelance (EGYPT)

- Developed a web-based **Queueing Theory Simulator** using **JavaScript**, **HTML5**, **CSS3**, and **Bootstrap 5**.
- Implemented **queueing algorithms** for **D/D/1/K**, **M/M/1**, and **M/M/1/K** models with real-time performance calculations.
- Built a **responsive** interface featuring **interactive visualizations** and **real-time input validation**.

PROJECTS

Linked-Posts Social Media App  , *Tech Stack: Angular 21, TypeScript, Tailwind CSS, REST APIs, RxJS, Vercel*

- Developed a **social media platform** using **Angular 21** with authentication, real-time chat, posts, likes, comments, and REST API integration.
- Built a **responsive** interface using **Tailwind CSS** and **RxJS**, deploying the application on Vercel.

Fresh Cart App  , *Tech Stack: Angular 21, TypeScript, Tailwind CSS, RxJS, REST APIs, Stripe, Flowbite, Vercel*

- Built a **full-featured e-commerce application** using **Angular 21** with **JWT authentication**, shopping cart, wishlist, checkout, route guards, and reactive forms.
- Developed a **responsive** interface using **Tailwind CSS**, integrating **RESTful APIs**, **RxJS**, and **Arabic/English localization (i18n)**.

Movie Discovery Platform  , *Tech Stack: Angular 21, TypeScript, RxJS, Tailwind CSS, Flowbite, TMDB API*

- Developed a **movie discovery platform** using **Angular 21** and **TMDB API**, featuring authentication, favorites, watchlist, trailers, and detailed pages for movies, TV shows, and actors.
- Applied **Angular Signals**, **Standalone Components**, **Lazy Loading**, **HTTP Interceptors**, and **Reactive Forms** to build a responsive application.

Store Management System  , *Tech Stack: HTML5, CSS3, JavaScript, Bootstrap 5, Local Storage, GitHub*

- Developed a **store management system** using **JavaScript** and **Bootstrap**, featuring **CRUD operations**, search, image upload, and category management.
- Built a **responsive** interface with efficient data handling and an intuitive user experience.

Other Notable Projects

- **Yummy Food Recipes** [↗](#) Recipe discovery app with **REST API** integration and responsive design
- **Daniels Portfolio** [↗](#) Responsive portfolio website with modern **UI & UX**.
- **Bakery** [↗](#) Responsive bakery landing page built with **HTML5**, **CSS3**, and **Bootstrap 5**
- **Smart Bookmark Manager** [↗](#) – **CRUD app** with validation and user-friendly UI

EDUCATION

B.Sc. in Computer Systems & Engineering
Al-Azhar University, Faculty of Engineering

2022 – 2027 | Cairo, Egypt

TECHNICAL SKILLS

Frontend Development (Core) Angular 21, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Sass, Bootstrap 5, Flowbite, Radix UI	Angular Ecosystem RxJS, REST APIs, Reactive Forms, Angular Signals, Standalone Components, Lazy Loading, Route Guards, HTTP Interceptors
Tools & Workflow Git, GitHub, Postman, Figma, VS Code	Programming Fundamentals Java, OOP, Data Structures & Algorithms

TRAINING & CERTIFICATIONS

Frontend Development Bootcamp ↗ , <i>Elevate Tech Academy</i>	03/2026 ONLINE
- Intensive frontend bootcamp focused on Clean Architecture, APIs, Git workflow, Agile (SCRUM), and real-world project development.	
Frontend Development Diploma ↗ , <i>Route IT Training Center</i>	07/2025 – 03/2026 Cairo, Egypt
- Built responsive and accessible UI components using React.js	
- Top Scorer (104/ 100) in mid-program exam at Route IT Training Center	
- Certificate Link: View Certificate ↗	
Frontend Development Training ↗ , <i>Digital Egypt Pioneers Initiative (DEPI)</i>	09/2024 Cairo, Egypt
- Hands-on experience through intensive React.js training and real projects.	
- Led a frontend team of 12 developers during the DEPI React training program.	
Certificates:	
- Digital Egypt Pioneers Program (DEPI) ↗ – Business English Track (MCIT)	
- Berlitz Business English (TB Level) ↗	

LANGUAGES

Arabic (Native) | **English** (Intermediate)
